Knowing what landscape photography is in the first place I’m not talking about dictionary definitions but rather the art and science behind it. Landscape photography typically involves planning, trying new techniques, and improving your skills. Here are some tips and ideas to improve your landscape photography:

1. **Creative Techniques**
   - **Scoping Out the Scene**: Join Marc Muench for a lesson on focusing advanced techniques from nature and landscape. This will help you scout the field and improve your photography skills.
   - **Zoom Blur Effect**: Learn how to add some creative flair to your landscape shots using the zoom blur effect.

2. **Creative Lighting Techniques**
   - **Surefire Tips**: Follow Marc Muench’s advice on surefire landscape photography tips. His tips will show you how professional photographers use creative lighting techniques and props.
   - **Lighting Techniques**: Join John Greengo for a lesson on focus advanced techniques from nature and landscape to improve your photography skills.

3. **Creative Techniques for Landscape Photography**
