Anthony J. Pennings PhD is professor and associate chair of the department of management at the University of Maryland, College Park. He has published extensively in the areas of human resource management, organizational behavior, and employee well-being. His recent research has focused on the role of resource-based theories in understanding organizational outcomes, the impact of organizational culture on employee behavior, and the relationship between employee health and organizational performance. Dr. Pennings has received multiple awards for his research, including the Distinguished Scholar Award from the Academy of Management and the Outstanding Research Award from the Society for the Psychological Study of Social Issues. He is also a fellow of the Academy of Management and a member of the editorial boards of several top-tier management journals. He is a past president of the Academy of Management and has served as a consultant to a number of organizations, including the National Science Foundation, the National Institute for Occupational Safety and Health, and the American Medical Association. Dr. Pennings has also been involved in the development of the field of management, serving as a member of the Board of Trustees of the Academy of Management and as a member of the editorial boards of several top-tier management journals.
